

VITOWELL *easy*

Perfectly tempered water
in the smallest space

Instant water heaters

Perfectly tempered water. In the smallest space.

VITOWELL easy water heaters are a great solution in any space. They achieve top performance in spite of their amazingly compact size. Behind the user-friendly design lies genuine German craftsmanship. The durable products constantly supply showers with hot water, allowing you to shower at your desired temperature without any fluctuations.

Constant temperature with visual LED assistance

VITOWELL easy Premium and Deluxe are equipped with an electronically controlled temperature system to provide you with a constant temperature no matter what the change of the inlet water temperature might be. For VITOWELL Deluxe, the precise mechanism of temperature setting is aided by a visual LED assistance.

Operation and installation

VITOWELL easy Classic, Premium and Deluxe water heaters operate at a frequency of 50Hz, withstand a maximum inlet water pressure of 6 bar and provide a minimum water flow rate of two litres per minute. A booster DC water pump is available on request for all devices. Installation is done by a professional for maximum service and safety – Viessmann is organizing the needful for your convenience.

Designed

Simple and safe shower pleasure

The VITOWELL easy Classic is perfect for those looking for a simple yet reliable and durable water heater. Using the Classic heater, you don't make any compromises in terms of durability or anti-scald protection. At the same time, you will enjoy just the right water temperature, using the heater's precise temperature regulation with stepless adjustment.

Heater highlights

- + Stepless, manual temperature regulation
- + Waterproof casing in line with IP25 standard

Power	3,3 kW
Voltage	220-240 V
Water Connection	G1/2"
Weight without pump	1,7 kg
Weight with pump	2,4 kg

Visual LED assistance for shower comfort

VITOWELL easy Premium water heaters are not only equipped with an electronically controlled temperature system to provide you with a constant temperature; in addition, the precise mechanism of temperature setting is aided by a LED ring – changing LED color tones ease the use of the Premium heater.

Heater highlights

- + Stepless, manual temperature regulation with LED ring
- + Waterproof casing in line with IP25 standard
- + Constant temperature control

Power	3,3 kW
Voltage	220-240 V

Weight without pump	1,7 kg
Weight with pump	2,4 kg

Precision at an advanced level

VITOWELL easy Deluxe takes precision in instant water heating to a new level. The heaters provide constantly hot water, and their memory mode enables users to preset their most favorite water temperatures for an individual feel-good climate. The electronic soft-touch display assures maximum accuracy and perfect visibility for your temperature settings.

Heater highlights

- + Digital temperature regulation with electronic soft touch
- + Waterproof casing in line with IP25 standard
- + Constant temperature control
- + Memory mode for temperature pre-setting

Power	3,3 kW
Voltage	220-240 V
Water Connection	G1/2"
Weight without pump	1,7 kg
Weight with pump	2,4 kg

VITOWELL easy at your home

High quality standards for durability and safety

Viessmann's German heritage obliges us to offer products at high quality standards. All our storage water heaters are made of durable ABS material or steel. They meet EU standards for health, safety, and environmental protection and are developed as per strictest quality standards. This translates into high level precision and durability in daily operation.

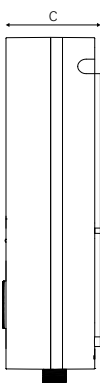

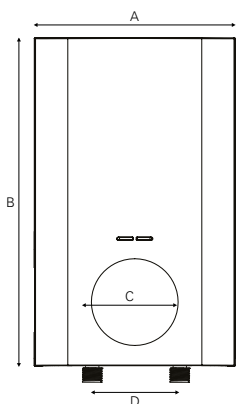

Classic, Premium or Deluxe?

Find your VITOWELL easy water heater depending on the features that matter to you and your family.

Check the dimensions of VITOWELL comfort water heaters to assure that the device fits well into your home.

Dimension

A (mm)	210
B (mm)	343
C (mm)	87
D (mm)	100

We are Viessmann, a family business. Founded in 1917 as a heating technology manufacturer, today we are one of the world's leading providers of sustainable climate (heating, cooling, water and air quality) and renewable energy solutions.

Our integrated solution offering connects products and systems via digital platforms and services, creating an individualised feel-good climate for our users. All activities are driven by our company purpose, „We create living spaces for generations to come“. This is the responsibility that we, the 12,700 members of the Viessmann family, take on every day together with our (trade) partners.
